

## Government Borrowing from Domestic Sources during July-October of FY15

Government borrows from both domestic and external sources to bridge its fiscal deficits. Government domestic borrowing sources are banks (Bangladesh Bank and Scheduled Banks) and other than banks. Government borrows from banking system mainly through Treasury Bills and Bonds and from non-banking sources through National Saving Directorate (NSD) in

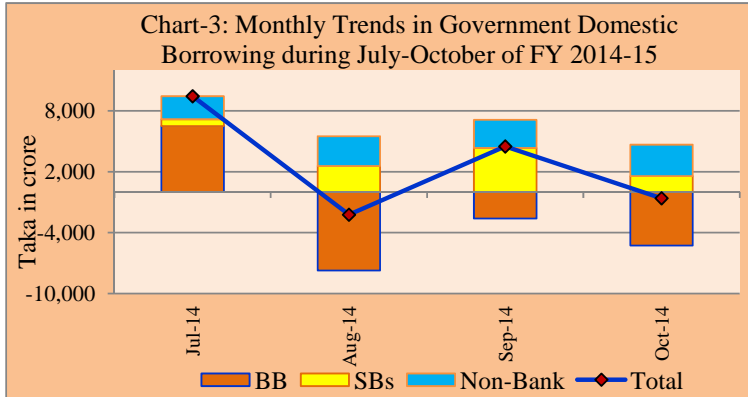

addition to Treasury Bills and Bonds. It is observed that the government has borrowed (net) Tk.7298.2 crore through Treasury Bills and Bonds of which Tk.5844.9 crore (net) has been borrowed through Treasury Bonds and Tk.1453.3 crore has been borrowed through Treasury Bills during July-October of FY15. In addition to that, government borrowed Tk.9077.7 crore through NSD instruments during the period. Net government domestic borrowing stood at Tk. 11066.9 crore during July-October of FY15 after the adjustments with Treasury Bills and Bonds, NSD, Ways and Means Advances (WMA), advances to Food and other Ministries, Overdraft current and block accounts, accrued interest, and advances and deposits of autonomous and semi-autonomous bodies as well as the deduction of cash balance in the form of government Deposits. During the period, government deposits increased by Tk.1886.7 crore where deposits increased by Tk.765.1 crore with Bangladesh Bank and Tk.1121.6 crore with scheduled banks. Instrument-wise net government domestic borrowing during July-October of FY15 is depicted in chart-1.

The government has borrowed Tk.9125.1 crore from the scheduled banks but repaid (as well as held cash balance) to Bangladesh Bank Tk.9127.0 crore. After the adjustments with repayments, deposits and advances of autonomous and semi-autonomous bodies, the government

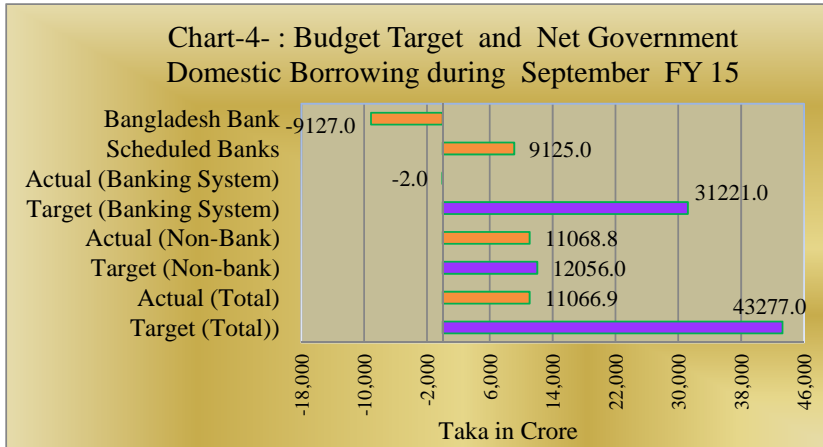

repayment is higher than borrowing from banking system and Tk. 11068.8 crore from other than banking sources (including NSD, Treasury Bills and Bonds) during July-October of FY15 of which Tk.9077.7 crore net borrowed through NSD. The movements in net government

borrowing from different domestic sources during July-October of FY15 are demonstrated in chart-2.

Monthly movement of government's net domestic borrowing is presented in chart-3. Government's holding of cash balance was more in the month of October 2014 than the borrowings from scheduled banks and non-bank sources through TBills and Bonds except National Savings Schemes.

In the budget of FY15, Tk.43277.0 crore has been fixed for borrowing from domestic sources by the government of which Tk.31221.0 crore and Tk.12056.0 crore are targeted to borrow from banking and non-banking sources respectively. The government repaid Tk. 2.0 crore more than borrowings from the banking system during July-October of FY15. During the period, the government borrowed Tk.9125.1 crore (net) from the scheduled banks. Moreover, government borrowed Tk.11068.8 crore from other than banks (including NSD, Treasury Bills and Bonds) which exceeded about 100 percent of total actual govt. borrowing and reached to 91.8 percent of

total budget target from non-banking sources. During the period under report, NSD instruments contributed 100.2 percent of total target of non-bank borrowing through NSD. The total net government domestic borrowing (banking and non-banking sources) stood at Tk.11066.9 crore which covered almost 25.6 percent of

total budget target after the adjustment in government deposits and other items during July-October of FY15. A comparative picture of government budget target and actual domestic borrowing during July-October of FY15 is produced in chart-4.

**Table I : Government Borrowing (Net) from the Banking System during July-October of FY15**
