Executive Summary

This report presents quarterly review of the No-Frill Accounts (NFAs) which includes the accounts opened with an initial deposit of Tk. 10/50/100 by the low income people, the students of schools under 18 years of age and the street urchins or working children. In September 2023 quarter, total number of NFAs is recorded as 31,159,112 with total deposit of Tk. 61,427.77 million.

The number of Tk. 10/50/100 accounts (excluding the School Banking, Street Urchins and Working Children Accounts) and the cumulative deposits in these accounts stand at 27,077,128 and Tk. 38,492.81 million respectively in the September 2023 quarter. The number of accounts has grown 0.26% in the reporting quarter compared to the previous one. The number of Tk. 10 Accounts for the Farmers remains the largest component of the NFAs, contributing 38.12% of the total Tk. 10/50/100 accounts. On the other hand, the second largest component is the number of accounts for the beneficiaries of the Social Safety Net (SSN) programs which constitute 36.91% of the total NFAs in the reporting quarter.

As on 30 September 2023, individuals with Tk. 10/50/100 accounts have received a cumulative amount of Tk. 6,274.43 million as credit from both the Tk. 200 crore and Tk. 500 crore refinance schemes for the No-Frill Accounts owners. The increased demand of such credit could be attributed to the revival of the economic activities stagnated by the COVID-19 pandemic.

No-Frill Accounts play significant role in the distribution of foreign inward remittances. In September 2023 quarter, these accounts received Tk. 274.79 million as foreign remittances. The cumulative amount of foreign remittances received through these accounts by the end of the reporting quarter reaches Tk. 6426.82 million. The amount is 4.47% higher than the cumulative amount received by the end of June 2023 quarter.

In this quarter 78,142 new School Banking accounts have been opened. The number of School Banking Accounts has increased by 1.97% over the previous quarter. This increase is due to the resumption of school banking conferences across the country. Street Urchins and Working children accounts have also increased by 9.54% over the last quarter. 19 banks have opened 37,030 such type of accounts. Overall, the No Frill Accounts contribute significantly in bringing the financially excluded people under the umbrella of formal financial services.

Chapter 1: No-Frill Accounts

BB has taken various initiatives to ensure financial services for the people of all segments of the society. As a part of these initiatives, the central bank has issued directives for the banks to open accounts for the marginalized people with an initial deposit of Tk.10/50/100.

These accounts require neither a minimum balance nor any service charge/fee. On the contrary, relatively higher interest rates than the existing savings rates are offered in these accounts to augment welfare of the low-income people. Generally, these accounts are referred as No-Frill Accounts (NFAs). The targeted people of these accounts include farmers, RMG workers, extreme poor, the beneficiaries of the Social Safety Net (SSN) programs etc. NFAs also include the School Banking Accounts (SBAs) where students under the age of 18 years can open bank accounts with an initial deposit of Tk.100 only.

Up to September 23 quarter, the government has disbursed subsidy/salary to 7,117,835 NFAs held with various segments of marginalized people of the society. In addition, NFAs play a significant role in channelizing inward foreign remittances. Up to September quarter the

cumulative amount of foreign remittances received through these accounts reaches Tk. 6,426.82 million. The amount is 4.47% higher than the cumulative amount received by the end of June 2023 quarter. In addition, the number of SBAs has increased by 1.97% over the previous quarter. SBAs have grown by 25.72% over the September 2022 quarter. The resumption of School Banking Conferences by banks across the country has contributed to this growth.

Highlights of No-Frill Accounts (Up to September 2023):

Chapter 2: Tk.10/50/100 Accounts

2.1 Different Categories of Tk. 10/50/100 Accounts

As of September 2023, the total number of Tk. 10/50/100 accounts excluding SBAs and Street Urchin Accounts is 27,077,128. These accounts hold a total deposit of Tk. 38,492.81 million. Among all the categories of Tk. 10/50/100 accounts, accounts for the farmers remains the largest component through which government subsidies in agricultural sector are disbursed regularly.

**Others (Except Farmers, RMG, SSN, FF, Extreme Poor sector)

Figure 1: Major Categories of Tk. 10/50/100 Accounts

The major categories of Tk. 10/50/100 accounts comprise of the Accounts for the Farmers (38.12%), Beneficiaries of the SSN programs (36.91%) and Extreme Poor (13.15%). A small but significant component of Tk. 10/50/100 accounts is the No-Frill Accounts for Ready-

made Garments (RMG) workers, constitutes 3.34% of the total Tk. 10/50/100 accounts. A complete list of these components is shown in the Table 1 in the Appendix A.

2.2 Quarterly Trend of Tk. 10/50/100 Accounts

As of September 2023, the total number of Tk. 10/50/100 accounts reaches to 27,077,128 which indicate a 0.26% growth over the previous quarter and 4.72% growth from the September 2022 quarter.

Figure 2: Quarterly Movement of Tk. 10/50/100 Accounts

Total deposit in Tk.10/50/100 accounts amounts Tk. 38,492.81 million in the reporting quarter, which is 6.81% lower than that of the previous quarter and 12.01% higher than the amount recorded in September 2022 quarter.

2.2.1 No-Frill Accounts (NFAs) for the Farmers

BB introduced Tk. 10 Accounts for the Farmers in 2010¹ as one of the significant financial inclusion initiatives to bring rural communities living on agriculture under the umbrella of formal financial services.

Figure 3: Quarterly Trend of Tk. 10 Accounts for the Farmers

As of September 2023, the total number of Accounts for the Farmers reaches 10,322,285 which is 0.43% higher than that of the previous quarter. On the other hand, the total deposit in the Accounts for the Farmers stands at Tk. 6,834.16 million, which is 4.04% higher than that of the previous quarter and 13.46% higher than that of the September 2022 quarter.

2.2.2 NFAs for the Extreme Poor

Poverty reduction is one of the major policy objectives of BB. The central bank has advised all banks to open accounts for the extreme poor so that they can receive various Government financial supports through the banking channel.

¹ BRPD Circular No.-01/2010

Tk.10 account also provides the extreme poor with the opportunities to save their hard-earned money.

As of September 2023, the number of Accounts for the Extreme Poor reaches 3,561,354. This number is 0.93% lower than that of the previous quarter and 0.20% higher than that of the September 2022 quarter.

Figure 4: Quarterly Movement of Tk. 10 Accounts for the Extreme Poor

Deposit in the Accounts for Extreme Poor increases by 5.62% over the previous quarter and 18.87% over the September 2022 quarter.

Increasing trend in deposit in the NFAs for the extreme poor shows a positive saving behavior of the extreme poor even in the inflationary pressure.

2.2.3 NFAs for the Beneficiaries of the SSN Programs

Government's SSN programs greatly contribute to support the marginal people of the society. Poor people can receive SSN allowances through Tk. 10 accounts. BB has advised all the banks to open SSN accounts for the beneficiaries of SSN programs only with the documentation requirement of National Identity Card (NID) and Pension Payment Order (PPO) book.² It is noteworthy that during COVID-19 pandemic, Government used these accounts for the beneficiaries of the SSN programs to distribute cash allowances among the financially affected low-income families.³

The number of Tk. 10 accounts for the beneficiaries of the SSN has decreased by 0.24% in the reporting quarter over the previous quarter and increased by 2.81% from September 2022 quarter.

The amount of deposits in these accounts has decreased by 18.85% compared to that of the previous quarter but increased by 5.34% than that of the September 2022 quarter.

Figure 5: Quarterly Movement of Tk. 10 Accounts for Beneficiaries of the SSN Programs

2.2.4 NFAs Accounts for RMG Workers

The number of Tk. 100 accounts for the RMG workers has increased by 3.46% in the reporting quarter over the previous quarter and 29.47% over the September 2022 quarter. Use of Digital Financial Services has increased significantly due to using digital mode for the payment of salaries of RMG workers in recent times. This has contributed to the increase of bank accounts. Deposit in these bank accounts decreased by 9.02% in this quarter, but increased by 21.34% over the September 2022 quarter. Overall annual growth is positive.

2.3 Performance of the Banks regarding Tk. 10/50/100 Accounts

State-owned Commercial Banks (SoCBs) dominate over the other types of banks in opening Tk.10/50/100 Accounts. As of September 2023, SoCBs opened 14,550,818 No-Frill Accounts which constitute 53.74% of the total accounts. Specialized Banks (SBs) hold 24.89% while the Private Commercial Banks (PCBs) 21.37% share of the total Tk. 10/50/100 accounts. Due to having limited number of branches, participation of Foreign Commercial Banks (FCBs) is insignificant in this area.

During the reporting quarter, the total deposits held in the scheduled banks as Tk. 10/50/100 accounts amounts to Tk. 38,492.81 million. SoCBs hold Tk. 24,947.68 million or 64.81% of the total deposits in these accounts.

2.4 Top 5 Banks' Performance on Tk. 10/50/100 Accounts

As of September 2023, top 5 banks have opened 79.76% of the total Tk. 10/50/100 Accounts. Sonali Bank PLC has opened 25.06% of the total accounts. Two other SoCBs in the list of top 5 banks, Agrani Bank PLC and Janata Bank PLC have opened 15.39% and 10.36% of the total accounts respectively. Bangladesh Krishi Bank (BKB), the specialized bank with 16.44% of the total accounts, is another major contributor in promoting financial inclusion through opening No-Frill Accounts.

Figure 8: Top 5 Banks Based on Number of No-Frill Accounts

Top 5 banks hold 82.37% of the total amount of deposits. In terms of total deposits, Bank Asia Limited, Islami Bank Bangladesh PLC and Global Islami Bank PLC have emerged in the list as top contributing PCBs along with Sonali Bank PLC and Agrani Bank PLC.

Figure 9: Top 5 Banks Based on Deposits in No-Frill Accounts

2.5 Refinance Scheme for No-Frill Account Holders

This revolving scheme facilitates banks to lend to the marginalized people with Tk. 10/50/100 accounts without collateral. In September 2021, BB took several measures⁴ to facilitate rapid recovery of rural economy from the COVID-19 pandemic as well as to make this scheme more attractive both for the banks and the targeted borrowers. As a part of those measures, the fund size of the refinance scheme has been increased from Tk. 2.00 billion to Tk. 5.00 billion. Individual loan size in the revised scheme has increased from Tk. 50,000 to Tk. 500,000. The most significant revision of the scheme lies in the interest rate which is now 7% at the borrower level (from bank to end users) and 1% at the bank level (from BB to PFIs), replacing the earlier rates of 9% at the borrower level and 4% at bank level. Besides, Shariah based banks are now permitted to participate in the scheme.

⁴ FID Circular-01/2021, BB Website

Up to September 2023, a total of 1,20,973 borrowers have received Tk. 6,274.44 million from both the Tk. 2.00 billion and Tk. 5.00 billion revolving refinance schemes.

2.6 Remittance through No-Frill accounts

Up to September quarter, the cumulative amount of foreign remittances received through these accounts reaches Tk. 6,426.82 million. The amount is 4.47% higher than the cumulative amount received by the end of June 2023 quarter.

Chapter 3: School Banking Activities

3.1 School Banking Activities in Bangladesh

School Banking is one of the most significant financial inclusion innovations by Bangladesh Bank. The program was initiated with an aim to develop saving behavior of the students at an early age. This program introduces banking services and modern banking technologies to students below 18 years of age. Bangladesh Bank issued directives⁵ for the banks to introduce School Banking in November 2010 and later framed a comprehensive policy⁶ in October 2013. These policies have preceded the directive⁷ to convert School Banking Accounts (SBAs) to general savings accounts once the students reach the age of 18 years (subject to the consent of the account holder).

In light of the existing School Banking policies, banks can open student accounts with a minimum deposit of Tk. 100 with no service charges. Moreover, these accounts offer attractive interest rates, debit card facilities and financial education programs. 59 out of 61 banks operating in Bangladesh are so far offering school banking services. The number of SBAs has reached 4,044,954 in this quarter, 1.97% higher than that of previous quarter. Year-to-

year comparison has also marked significant growth in School Banking activities. The number of SBAs has grown by 25.72% in the September 2023 quarter compared to September 2022 quarter. Scheduled banks have been resuming school banking conferences since November 2022 across the country. This has helped to augment school banking activities.

Deposit in the SBAs has decreased to Tk. 22,928.92 million during the reporting quarter with the decrease of 2.78% from the previous quarter.

Highlights of the School Banking, June 2023:

- *No. of Banks Operating School Banking Accounts: 59*
- *Total no. of School Banking Accounts: 4,044,954*
- *Total Amount of Deposits: Tk. 22,928.92 million.*
- *44.76% of Total Accounts are in the Urban Area and 55.24% are in the Rural Area.*
- *Male Students are holding 51.15% and Female Students are holding 48.85% of total No. of Accounts.*
- *The PCBs have the largest share of 72.01% in opening SBAs*

Chapter 4: Banking Services for Street Urchins and Working Children

BB has advised banks⁸ to provide financial services to street urchins and working children to secure their hard earned money and help them to develop a saving habit. Children who do not have parents or legal guardians can open accounts with the designated banks with the help of a registered Non-Government Organizations (NGOs). The NGOs involved in this process are fully responsible for the account operation and for the welfare of the account holders. No fees are charged for these accounts. Table 18 in the appendix A shows an overview of the banking services for SUAs during the reporting quarter.

As of September 2023, 19 banks have opened 37,030 street urchin accounts through 53 NGOs. The total amount of deposits in these accounts reaches Tk. 6.04 million at the end of the reporting quarter. In the reporting quarter number of accounts for street urchins has increased by 9.54% over the previous quarter.

Agrani Bank PLC has ranked the top among the banks in opening Street Urchins and Working Children accounts. It has opened 32,249 accounts up to September 2023. Social Islami Bank PLC, on the other hand, has become the top bank in collecting deposits in these accounts with a total deposit of Tk. 2.50 million at the end of this quarter.

Chapter 5: Recommendations

No-Frill Accounts have been considered as one of the most effective ways to expand financial inclusion to the underserved segment of population. Yet, the growth in No-Frill Accounts needs to be accelerated in order to achieve the goal of National Financial Inclusion Strategies-Bangladesh (NFIS-B) where it is targeted to confirm bank accounts for all adults by 2026. To achieve the target, some recommendations are as follows:

- 5.1. Banks should continue the ongoing financial literacy campaign as well as school banking initiatives to enhance financial inclusion.
- 5.2. Banks should encourage their agents to open No-Frill Accounts for the underserved population.
- 5.3. Banks should give special attention to maintain the accounts of the street urchins properly to provide them solid financial base.

Appendix D: Financial Literacy and Digital Financial Inclusion for TK. 10/50/100 Accounts

Bangladesh Bank has taken diverse financial literacy initiatives since 2014 to bring the larger portion of financially excluded population under formal financial services. Financial literacy website (<https://finlit.bb.org.bd>) has been launched on December 2022. Six animated video contents and a number of learning materials have been published in the website for educating mass people about financial activities. BB has collaborated the National Curriculum and Text Book Board to include a chapter on Financial Literacy in the secondary level and the relevant authority has included a chapter in class six accordingly. Banks have already started Financial Literacy Programs across the country under the guidelines of Bangladesh Bank. To create saving tendency and financial awareness among the young students, banks have started School Banking Conferences at district level across the country under the guidance of Bangladesh Bank. In addition, banks are advised to use innovative tools, like brochures, infographics, advertisements (virtual/printed), live chatbots etc and appropriate media, like workshops, websites, financial literacy corners, social media etc. to reach the targeted people efficiently. BB also encourages banks to arrange open loan disbursement program under the refinance schemes for Tk. 10/50/100 account holders. Financial literacy campaigns are aligned with these programs to ensure `Access to Finance` for this segment of people. The idea is, once become financially literate, the low income individuals are more likely to avoid borrowing beyond their repayment capacity (over-indebtedness), resulting in lower credit risk in the financial system. Open disbursement programme of credit for the marginalized people is one of the key processes to inspire banks to participate in the refinance scheme.

Secondly, No-Frill Accounts have been proved to be effective in providing access to formal banking services for the low income population at a lower cost. However, due to limited outreach of banking network, there is a big challenge to expand these services especially in the rural areas. In this context, digital financial inclusion initiatives such as internet banking, mobile financial services as well as agent banking can play significant role to take the financial services to the doorsteps of the target population. All these financial inclusion initiatives will upgrade the living standard of the previously underserved population of the country which will contribute significantly to our economic growth.
