Remittance plays an important role in the overall economy of Bangladesh. It also plays a vital role in the household income which may help to alleviate poverty. The national income may increase as a result of increased foreign exchange inflows. Bangladesh is one of the largest remittances recipient countries in the world. The World Bank report (Migration and Development Brief 32, World Bank, April, 2020) ranked Bangladesh as the third highest remittance receiver in the South Asian Region. The country crossed the USD 10 billion remittances threshold in FY10. The role of remittance in the Bangladesh economy is crucial as it has become the second largest source of foreign currency earnings following readymade garments (RMG).

Overseas employment and inflow of remittances makes significant contribution to the economic development of Bangladesh, by creating employment, reducing poverty, improving living standard and building up foreign exchange reserves. The pattern of remittance usage can play an important role in economic development. If we invest remittance earnings in productive sectors, our GDP and employment will increase.

During FY19, remittance was 5.44percent of the country's GDP, 40.51 percent of total export earnings and 29.62 percent of total import payments (Table-1). In addition, remittances play a supportive role in strengthening the current account balance. In FY19, remittance inflow increased by 9.60 percent to USD 16419.63 million as compared to USD 14981.69 million in FY18. One of the major contributing factors behind this growth was Bangladesh Bank guidelines along with Government's legal actions against informal channel for sending remittances which might have increased the flow of remittances through formal channels.

Table 1: Remittance as Percentage of GDP, Export and Import and its Growth

FY	Remittance as % of GDP	Remittance as % of Export Earnings (f.o.b)	Remittance as % of Import Payments (f.o.b)	Growth (%) of Remittance
FY07	7.51	49.60	38.54	24.50
FY08	8.64	55.93	40.62	32.39
FY09	9.44	62.11	47.70	22.28
FY10	9.52	67.80	46.29	13.40
FY11	9.05	50.64	34.61	6.03
FY12	9.63	53.58	38.59	10.24
FY13	9.64	54.43	43.07	12.51
FY14	8.21	47.78	38.91	-1.61

P= Provisional

Migration and Inflow of Remittances: January-March 2020

Remittances sent by the Bangladeshi expatriates stood at USD 4366.92 million during the 3rd quarter of FY20 (January-March 2020), which is 10.67 percent and 0.15 percent lower than the previous quarter and the same quarter of the preceding year respectively. About 1.81 lakh¹ Bangladeshi employees went abroad in quest of jobs during the quarter under report (Chart 1).

Country wise Remittance Inflows

Country-wise inflow of remittances during January-March 2020 shows that the largest amount of remittances was received from KSA (USD 916.37 million), which is 20.98 percent of total remittances (Chart 2), followed by USA (13.97 percent), UAE (12.91 percent), Kuwait (7.96 percent), United Kingdom (7.63 percent), Malaysia (7.38 percent), Oman (6.17 percent) and other countries (23.00 percent).

Region-wise inflow of remittances shows that 56.23 percent of total remittance was received from the Gulf² countries during January-March quarter of FY20, followed by EU³ countries (11.91 percent), Asia-Pacific⁴ countries (10.64 percent) and other countries (7.25 percent). The amount of remittances received from Gulf countries stood at USD 2455.46 million during the 3rd quarter of FY20 which is 11.63 percent and 4.78 percent

¹One Lakh = 0.1 million.

²Gulf Countries are KSA, UAE, Qatar, Oman, Bahrain and Kuwait.

³EU countries are United Kingdom, Germany and Italy

⁴Asia-Pacific countries are Australia, Japan, Malaysia and Singapore.

lower than the previous quarter and the corresponding quarter of the previous year respectively (Table-2). The inflow of remittances from EU countries and Asia-Pacific region stood at USD 520.16 million and USD 464.46 million respectively. The country-wise quarterly trend of remittance inflows from the year of 2018 (October-December, 2018 to 2020 (January-March 2020) is shown in Table 2 and yearly country-wise trend of remittance inflows from FY15 to FY20 (July-March) is shown in the Annexure (Table-3).

Country-wise Migration

Country-wise data on migration during January-March 2020 shows that 133997 Bangladeshis have migrated to KSA which is 74 percent of total migration (Table 3 and Chart 3), followed by Oman (10 percent), Singapore (5 percent), Qatar (2 percent), Jordan (2 percent), Kuwait (1 percent) and other countries (6 percent) (Chart 4). Table-3 shows quarterly trend of country-wise migration from October-December 2018 to January-March 2020 and yearly basis (from 2000 to 2019) country-wise migration is shown in the Annexure (Table 2).

Country-wise Female Migration

Overseas female employment had formally started in 1991. BMET's data on migration shows that 120.72 lakh Bangladeshi workers have migrated abroad from 1991 to 2019, of which 9.02 lakh was female workers. Still the share of female workers in total overseas

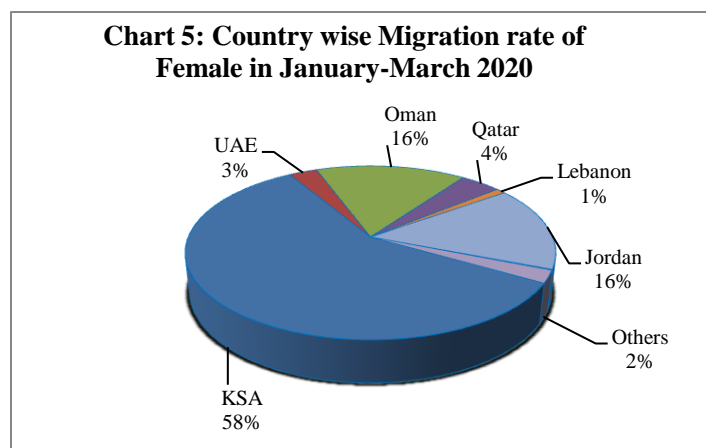

workers population is very insignificant (7.48 percent) due to various impediments like social and cultural barriers. However, the global demand for overseas female workers in some occupations (nurse, maid-servant, etc.) has been increasing in the recent years. So, Government of Bangladesh may take necessary initiatives for sending female workers abroad through Ministry of Expatriates Welfare and Overseas Employment (MoEW&OE) and Bangladeshi Diplomatic Missions in abroad. In this regard, private recruiting agencies may play an important role. During January-March 2020, a good number (about 18.8 thousand) of Bangladeshi female workers have migrated abroad for employment (Table 4) which is 10.38 percent of total migration (Chart 4).

Table 4 Quarterly Trend of Country wise Female Migration

Country	Oct-Dec '18	Jan-Mar '19	Apr-Jun '19	Jul-Sep' 19	Oct-Dec '19	Jan-Mar '20	% Growth

Source: Bureau of Manpower, Employment and Training, Bangladesh.

Among the total female migrants, 58.10 percent has migrated to KSA (Chart 5), followed by Jordan (15.77 percent), Oman (15.56 percent), Qatar (4.20 percent), UAE (2.93 percent) and other countries (2.32 percent). The quarterly trend of country wise female migration from October-December 2018 to January-March 2020 is shown in Table 4 and yearly trend of female migration is shown in the Annexure (Table 1).

Overseas Employment by Skills

The composition of skills of the expatriates is changing over the time. Based on occupation, expatriates can be categorized into four groups- professionals, skilled, semi-skilled and un-skilled. A large number of Bangladeshi expatriates are un-skilled and this number stood at 18.25 lakh during 2013 to 2019. The number of skilled expatriates stood at 18.72 lakh during the same period. Data on skill-wise overseas employment shows that the highest number (43.55 percent) of expatriates are skilled in 2019 (Chart 7) followed by un-skilled (28.15 percent), semi-skilled (20.36 percent) and professional (only 0.27 percent). Yearly trend of skill and gender-wise migration is shown in the Annexure (Table 1).

Bank wise Remittance Inflow: January-March 2020

For remittance mobilization, banks are considered the primary legal channels. A large number of Bangladeshi expatriates are sending their hard income to home country through banking channels. Most of the commercial banks in Bangladesh have been providing remittance services through arranging drawing rights to a large number of migrants working abroad in order to collect remittances from all over the world and distribute this money to their beneficiaries in the possible shortest time.

Among different groups of commercial banks, private commercial banks (PCBs) collect the highest amount of remittances, followed by state owned commercial banks (SOCBs), specialized banks (SBs) and foreign commercial banks (FCBs).

During the period under report, PCBs have collected USD 3044.21 million (69.71percent of total), which is 17.11percent and 8.45 percent lower than the previous quarter and the

same quarter of preceding year respectively. Among the PCBs, Islami Bank Bangladesh Ltd. (IBBL) has collected highest amount of remittance with USD 964.13 million (22.08 percent of total), and stood first position among all banks (Chart 8).

During January-March 2020, SOCBs have collected USD 1195.72 million (27.38 percent of total), which is 10.91percent and 24.05 percent higher than the previous quarter and the same quarter of the previous year respectively. Among SOCBs, Agrani Bank Ltd. (ABL) held the top position with USD 479.63 million and Sonali Bank Ltd. (SBL) attained the second position with USD 315.11 million. The quarterly trend of bank-wise inflow of remittances is shown in Table 5.

Foreign Commercial Banks have collected USD 34.94 million (0.80 percent of total) during January-March 2020, which is 14.95 percent lower than the previous quarter and 1.30 percent higher than the same quarter of 2019 respectively. Among FCBs, Woori Bank Ltd. has collected the highest amount of remittances (USD 17.95 million) (Table 5).

Among all banks, Bangladesh Krishi Bank as a Specialized Bank has received only USD 92.05million as remittances during January-March 2020. It was observed that Dutch-Bangla Bank Ltd., Bank Asia Ltd., Pubali Bank Ltd, NCC Bank Ltd., National Bank Ltd., Mutual Trust Bank Ltd. etc. are among the top receivers of remittances during January-March 2020. The yearly trend of bank-wise remittance inflows is shown in the annexure (Table 4).

Global Comparison

Bangladesh stood 3rd in South Asian region (World Bank report titled “Migration and Development Brief April, 2020”). India is the top remittance earning country (11.6 percent of global remittance inflow) followed by Pakistan, Bangladesh, Nepal, Sri Lanka in the South Asian region. Table 6 shows the top remittance earning countries in South Asia and their remittances as percent of GDP in 2019.

Table-6: Top Remittance Earning Countries in South Asia in 2019

Top remittance recipient countries			Top countries (Contributing to GDP)**	
Country	Amount of remittances (Billion USD)	% of total Global remittance inflow	Country	Percentage Share of GDP
India	83	11.64	Nepal	27.3
Pakistan	23	3.15	Pakistan	7.9
Bangladesh	18	2.56	Sri Lanka	7.8
Nepal	8	1.13	Bangladesh	5.8
Sri Lanka	7	0.94	Afghanistan	4.6
Afghanistan	1	0.13	India	2.8
			Bhutan	1.7
			Maldives	0.1

Measures taken by the Government and Bangladesh Bank

To promote remittance inflows through the banking channel, Bangladesh Bank has taken a number of measures in recent years

- The maximum time limit of distributing remittances to the beneficiaries has been re-fixed at 2 working days instead of 72 hours.
- To encourage the expatriates to remit their earnings at home through banking channel, CIP and special citizen facilities for Bangladeshi expatriates has been extended.
- Non-Resident Bangladeshis (NRBs) are allowed to open Non-Resident Foreign Currency Deposit (NFCD) accounts with authorized dealer banks at home to credit their retirement benefits, periodical pensions, superannuation benefits, etc. as per the employment agreement with employers. The balances held in these accounts can be used for settlement of legitimate payment abroad.
- With a view to facilitating the remittance on account of registration fee for medical check-up services to migrant workers, ADs may, upon request from approved medical centers, remit the fee to the Bank Account of the beneficiaries subject to production of invoices specifying details of the check-up and deduction of applicable taxes.
- Shares may be issued in favor of non-residents by debiting from non-resident Taka accounts maintained by ADs in convertible foreign currencies. Therefore, ADs will issue certificate in support of the payment from such account for purchase of shares in Bangladeshi companies.

- In order to enhance housing finance facility for the NRBs, the maximum debt equity ratio has been fixed at 75:25 instead of existing 50:50.
- To increase the quality of remittance services for NRBs, all AD banks have to establish Remittance Help Desk in their branch offices under instruction of Bangladesh Bank.
- According to The Wage Earner Development Bond Rules, 1981 and later the US Dollar Premium Bond Rules, 2002 and the US Dollar investment Bond Rules, 2002 were enacted to encourage NRBs to invest these bonds by sending remittances through formal banking channels. The money invested in the purchase of Wage Earner Development Bond (WEDB) below Taka 5 lakh, shall be exempt from tax payable since October 2014.
- Bangladesh Bank (BB) has introduced “Bangladesh Bank Remittance Award ” since 2013 to motivate and encourage the expatriates for sending more remittances through regular banking channels. In 2019, “Bangladesh Bank Remittance Award 2018” has been awarded to 27 individuals (8 general professionals, 10 specialist professionals, and 9 business persons), 5 banks and 3 exchange houses of NRBs as highest remitters for 2018.
- The government announced 2% cash incentive for foreign currency to be remitted through banking channel into the country. The objective of providing cash incentives is to stimulate wage earners and remitters to continue flow of foreign remittance in larger volume to continue the ongoing economic development of the country. The cash incentive would be effective from 1 July 2019. Foreign remittance worth of USD 1,500 or equivalent currency will not require any documents to receive incentive.
- Bangladesh Bank has given permission to foreign nationals to make monthly remittances to the country of their domicile up to 75 percent of their net income. Besides, BB allows to include net amount of bonus or commission actually paid by the employers by spreading over the subsequent twelve months as a part of current remittances. Moreover, to facilitate the remittance on account of bonus, it has been decided that foreign nationals can remit up to 75% of their bonus after deduction of applicable taxes and payment thereof at one-go without spreading over the subsequent 12 months.
