## Remittance Inflows (October-December 2020)

Remittance inflow has achieved a robust growth in Bangladesh despite the existing pandemic situation. The significant growth of remittances helps the government to increase confidence in managing the macro-economy at the COVID pandemic situation. The growth of inward remittances has lifted the economy by creating employment, reducing poverty, improving living standard, building up foreign exchange reserves and counter balancing the current account deficit. The role of remittance in the Bangladesh economy is crucial as it has become our second largest source of foreign currency earnings followed by readymade garments (RMG). Bangladesh is one of the largest remittance recipient countries in the world.

The inflow of remittance in FY'20 was USD 18205.04 million (increased by 10.87 percent) as compared to USD 16419.63 million in FY'19. The remittance inflow has dropped off USD 481.65 million than that of previous quarter and total remittance earned was USD 6231.55 million in October-December 2020. Policy initiatives from the government and the Bangladesh Bank played a pivotal role in enhancing the inflow of remittances through legal channels (Table-2). In FY'20, remittance-GDP ratio was 5.52 percent, remittance-export earnings ratio was 54.06 percent and remittance-import payments ratio was 35.91 percent (Table-1).

COVID-19 impact, about 36.18 thousands Bangladeshi employees went abroad during this quarter.

### Bank-wise Remittance Inflow: October-December 2020

As a primary legal channel, banks played a vital role to mobilize the remittances. Due to pandemic situation, a large number of Bangladeshi expatriate sent their hard-earned money through banking channels. Most of the commercial banks in Bangladesh have been providing remittance services through drawing arrangement to a large number of migrants working abroad by collecting remittances from all over the world and distributing this money to their beneficiaries within 48 hours. They provide different banking services to ease the inflow of remittance.

Among different groups of commercial banks, Private Commercial Banks (PCBs) collect the highest amount of remittances followed by the State-owned Commercial Banks (SCBs), Specialized Banks (SBs) and Foreign Commercial Banks (FCBs).

During this period, PCBs collected USD 4577.23 million remittances (73.45 percent of total) which was 2.91 percent lower than that of the previous quarter but 24.64 percent higher than that of the same quarter of the previous fiscal year. Islami Bank Bangladesh Ltd. (IBBL) received the highest amount of remittance with USD 1922.96 million (30.86 percent of total) and obtained first position among all the banks (Chart-2 and Annexure Table-4).

SCBs received USD 1527.65 million remittances (24.51 percent of total) which was lower than that of the previous quarter but significantly higher than that of the same quarter of the previous year. Among the SCBs, Agrani Bank Ltd. was the top remittance receiver bank with USD 674.41 million (10.82 percent of total) and Sonali Bank Ltd. was the second highest receiver bank with USD 377.75 million (6.06 percent of total) (Chart-2 and Annexure Table-4).

Foreign Commercial Banks collected USD 29.42 million remittances (0.47 percent of total) during October-December 2020 which was lower than that of the previous quarter and the same quarter of 2019 respectively. Among FCBs, Standard Chartered Bank collected the highest amount of remittances (USD 15.81 million) (Annexure Table-4).

Bangladesh Krishi Bank as a Specialized Bank received only USD 97.25 million remittances during October-December 2020. It was observed that Dutch-Bangla Bank Ltd., Bank Asia Ltd., Pubali Bank Ltd, NCC Bank Ltd., Al-Arafah Bank Ltd. are the top receivers of remittances during October-December 2020. The yearly trend of bank-wise remittance inflows has shown in the Annexure Table-5.

## Category-wise Overseas Employment

Based on occupation, expatriates can be categorized into four groups: professionals, skilled, semi-skilled and un-skilled. A large number of Bangladeshi expatriates are un-skilled and this number stood at 1.97 lac during 2019. The number of skilled expatriates stood at 3.05 lac during the same period (Annexure Table-1).

Source: Bureau of Manpower, Employment and Training, Bangladesh.

Data on skill-wise overseas employment shows that the highest number (43.55 percent) of expatriates were skilled in 2019 followed by un-skilled (28.15 percent), semi-skilled (20.36 percent) and professional (only 0.27 percent) (Chart-6). Trends of skill and gender-wise migration are shown in the Annexure Table-1.

## Global Comparison

As per the World Bank report titled 'Migration and Development Brief April, 2020', Bangladesh stood 3<sup>rd</sup> in the South Asian region in terms of remittance earnings in which India was the top remittance earnings country (11.6 percent of global remittance inflow) followed by Pakistan, Bangladesh, Nepal, Sri Lanka in this region. Chart-7 and Table-4 show the top remittance earning countries in South Asia and their remittances as percent of GDP in 2019.

## **Measures Taken by the Government and the Bangladesh Bank**

To enhance the remittance inflows through the banking channel, Bangladesh govt. and the Bangladesh Bank have recently taken a number of measures of which some important ones are as follows:

- The maximum time limit of distributing remittances to the beneficiaries has been re-determined at 2 working days instead of 72 hours.
- To encourage the expatriates to remit their earnings at home through banking channel, CIP and special citizen facilities for Bangladeshi expatriates have been extended.
- With a view to facilitating remittance on account of registration fee for medical check-up services to migrant workers, Authorized Dealers (ADs) may, upon request from approved medical centers, remit the fee to the bank account of the beneficiaries subject to production of invoice specifying details of the check-up and deduction of applicable taxes.
- In order to enhance housing finance facility for the NRBs, the maximum debt equity ratio has been fixed at 75:25 instead of existing 50:50.
- The government announced for the first time 2 percent cash incentive for inward foreign remittance through banking channel effective from 1 July 2019. Now for the foreign remittance worth of USD 5000 or BDT 5 lac, the beneficiary is not required to submit any documents to receive the 2 percent incentive. However, BB has extended time up to two months for submitting the documents of beneficiary for 2 percent cash incentive for more than USD 5000 or BDT 5 lac.
- For the simplification of the procedure of the receiving 2% cash incentive, Bangladesh Bank (BB) has given some instructions. According to this circular:
  - a) To submit remitters' documents in his /her bank (sender bank).
  - b) To verify the documents by remittance sender bank with a confirmation to receiver bank before releasing cash incentive as early as possible.
  - c) On the basis of the confirmation, receiver bank will release incentive to the sender bank.
  - d) The remittance receiver bank will collect and verify documents by its own in the aspect of same receiver bank and sender bank.
