Quarterly Report on Remittance Inflows in Bangladesh: July-September of FY26

Executive Summary

- Remittance inflows reached to USD 7585.32 million during the July-September of FY26 decreased of 11.22 percent, compared to USD 8544.42 million in the preceding quarter. On a year-on-year basis, the growth was substantial with inflows rising by 15.95 percent from USD 6542.03 million during the same period of the previous fiscal year. The growing confidence of the Bangladeshi diasporas in banking channels and the effectiveness of policy measures aimed at encouraging remittance inflows.

- During July-September of FY26, the highest volume of remittances originated from Kingdom of Saudi Arabia (KSA), totaling USD 1233.86 million and accounting for 16.27 percent of total inflows. The KSA remittances was followed by USD 928.54 million (12.24 percent) from the United Kingdom, USD 884.37 million from the UAE (11.66 percent), USD 817.19 million (10.77 percent) from Malaysia and USD 626.45 million (8.26 percent) from the United States.

- A total of 309945 workers, including 15876 women, migrated from Bangladesh during the July-September of FY26. Of the total migrants, approximately 98420 individuals representing 61.88 percent moved to the KSA. Other notable destinations included Qatar (10.54 percent), Singapore (6.24 percent) and Kuwait (5.99 percent).

- During the reporting quarter, remittances were primarily channeled through Private Commercial Banks (PCBs), which received USD 5226.59 million, accounting for 68.90 percent of the total inflows. State-owned Commercial Banks (SCBs) followed with USD 1541.19 million (20.32 percent), while Specialized Banks (SBs) received USD 789.40 million (10.41 percent). Foreign Commercial Banks (FCBs) accounted for the smallest share, receiving USD 28.14 million or 0.37 percent of total remittances.

Remittance Inflows in Bangladesh (July-September of FY26)

The strong performance of remittance inflows in early FY26 was played a crucial role in supporting Bangladesh's foreign exchange reserves and mitigating pressure on the balance of payments at a time of rising import payment. During the first quarter of FY26, the country experienced a significant increased in remittances through banking channels, reflecting both the resilience of overseas Bangladeshi workers and renewed effectiveness of government policy interventions. Remittance earnings totaled USD 7585.32 million during this quarter, marking a strong 15.95 percent year-on-year growth compared to USD 6542.03 million in the corresponding quarter of FY25. This improvement highlights the increasing shift of expatriates toward official remittance systems due to proper monitoring of informal transfer networks and favorable exchange rate conditions.

The contribution of remittance to GDP has been increasing and in FY25 reached its peak. This higher inflow of remittances led to an estimated remittance-nominal GDP ratio of 6.42 percent in Q1FY26. Besides, remittances share relative to exports and imports showed significant improvement during Q1FY26 (Table-1).

Table-1: Trend of remittance growth and remittance as percentage of nominal GDP, export earnings and import payment

FY	Total Remittance (Million USD)	Growth (%) of Remittance	Remittance (%) of nominal GDP	Remittance (%) of Export Earnings (f.o.b)	Remittance (%) of Import Payment (f.o.b)

2. Migration and Remittance Inflows: July-September of FY26

The first quarter of FY26 marked a promising phase for Bangladesh's migration and remittance sector. Overseas employment saw a strong rebound during this period along with the elevation of remittance inflows. The Bureau of Manpower, Employment and Training (BMET) reported that the number of expatriate workers increased to 309945 during July-September of FY26 compared to 247619 in April-June of FY25 (Chart-1). Besides, the bulk (191796 workers) was recruited by Saudi Arabia in same quarter that approximately 61.88 percent of total Bangladeshi migrant workers. The consistent rise in outbound labor suggests an ongoing recovery in international recruitment. Furthermore, Bangladesh also earned USD 7585.32 million remittances during July-September of FY26. A crackdown on informal remittance routes and improved banking channel flows helped remittance earnings. In this total amount of remittance earnings, the contribution of Saudi Arabia was 16.27 percent in remitter country.

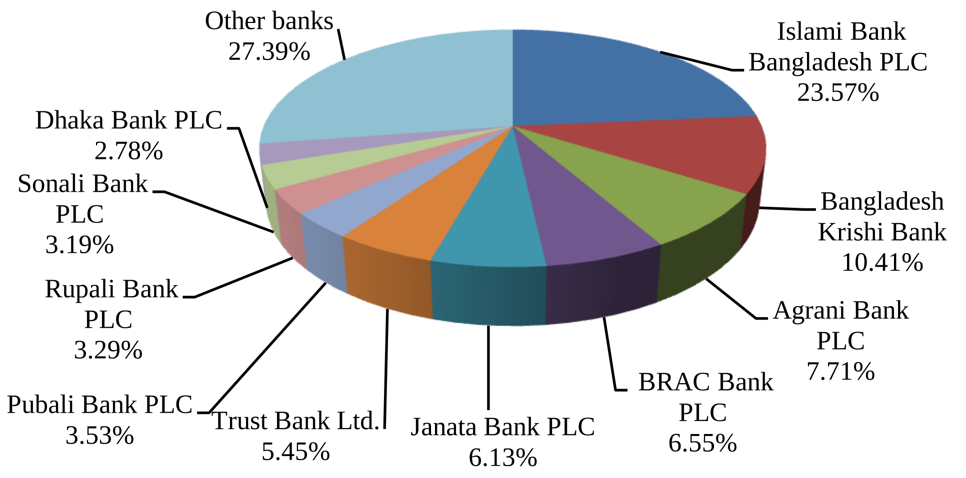
3. Bank-wise Remittance Inflows: July-September of FY26

Bank-wise remittance inflows were shaped by a combination of network reach, digital services, partnership with foreign exchange houses, geographic coverage and customer trust. Banks with stronger remittance systems and wider connections usually attracted a higher share of migrant earnings.

Chart 2: Bank-wise inflow of remittances (top 10 banks) in July-September of FY26



Source: Statistics Department, Bangladesh Bank.

During July-September of FY26, remittance earnings amounted to USD 7585.32 million which was USD 8544.42 million in the previous quarter. The uptick was attributed to a narrowing of the gap between the official exchange rate and informal (“hundi”) channels, making formal channels relatively more attractive. During July-September of FY26, private commercial banks (PCBs) received USD 5226.59 million remittances (68.90 percent of total), which was 0.80 percent lower than that of previous quarter (USD 5268.56 million) while 6.14 percent higher than that of the same quarter a year ago (USD 4924.21 million) respectively. By receiving USD 1787.99 million (23.57 percent of the total), Islami Bank Bangladesh PLC remained the highest amount of remittance receiver among the PCBs (Chart-2 and Annexure-3).

State-owned Commercial Banks (SCBs) received USD 1541.19 million remittances (20.32 percent of total), which was 36.63 percent lower than that of the previous quarter while 17.37 percent higher than that of the same quarter of previous fiscal year.

Among the SCBs, the highest amount of remittances was received by Agrani Bank PLC (USD 584.52 million, 7.71 percent of total) followed by Janata Bank PLC (USD 465.06 million, 6.13 percent of total) and Rupali Bank PLC (USD 249.38 million, 3.29 percent total) (Chart-2 and Annexure-3).

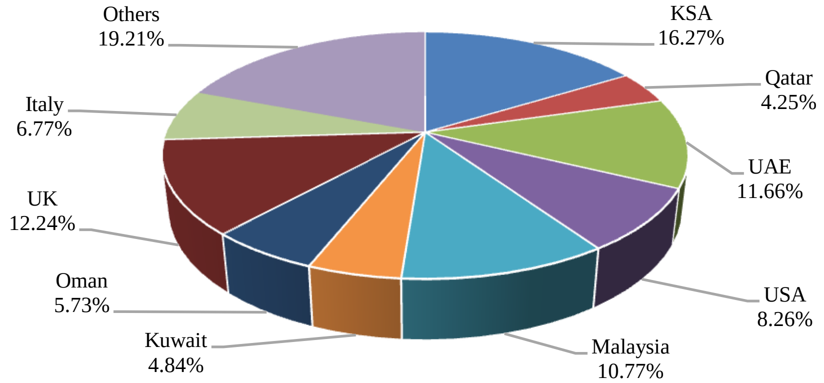
Foreign Commercial Banks (FCBs) collected only USD 28.14 million remittances (0.37 percent of total) during July-September of FY26 which was 56.05 and 64.69 percent higher than that of the previous quarter and the same quarter of the previous fiscal year respectively. Among the FCBs, Standard Chartered Bank became the highest remittance receiver bank by collecting USD 14.51 million (Annexure-3).

Among the specialized banks, Bangladesh Krishi Bank received the maximum amount of remittances (USD 789.40 million) during July-September of FY26. The top 10 (ten) remittance recipient banks during the period under report were Islami Bank Bangladesh PLC, Bangladesh Krishi Bank, Agrani Bank PLC, BRAC Bank PLC, Janata Bank PLC, Trust Bank Ltd., Pubali Bank PLC, Rupali Bank PLC, Sonali Bank PLC, and Dhaka Bank PLC.

4. Country-wise Remittance Inflows

Bangladesh received the maximum amount of remittances from the KSA (USD 1233.86 million) which was 16.27 percent of total remittances during July-September of FY26. The second largest amount of remittances came from the United Kingdom which was USD 928.54 million (12.24 percent of total remittances). In addition, remittance earnings of total remittances recorded from the UAE (11.66 percent), Malaysia (10.77 percent), the USA (8.26 percent), Italy (6.77 percent), Oman (5.73 percent), Kuwait (4.84 percent), Qatar (4.25 percent) and other countries (19.21 percent) respectively in this quarter (Chart-3).

Chart 3 : Major Country-wise Share (%) of Remittance Inflows in Total Remittance Inflows: July-September of FY26



Source:Statistics Department, Bangladesh Bank.

Region-wise remittance inflows showed that remittances received from the Gulf countries was USD 3443.81 million (45.40 percent), EU countries remitted USD 1476.48 million (19.46 percent) and Asia-Pacific region sent USD 1217.81 million (16.05 percent) during July-September of FY26 (table-2). Country-wise trends of remittance inflows from FY20 to FY26 (Up to September) are shown in Annexure-2.

5. Country-wise Migration (Male vs Female)

Migration outflow showed a positive trend during the quarter. According to the data of Bureau of Manpower, Employment and Training (BMET), a total of 309945 workers went abroad during the reporting period. However, in August 2025 alone, about 147412 workers went abroad for employment which represented 175.73 percent increase compared to the same month in the previous fiscal year.

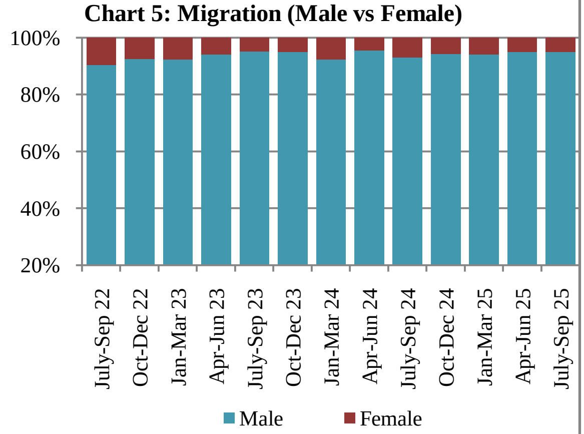
Source: Bureau of Manpower, Employment and Training, Bangladesh (BMET).

Chart 5: Migration (Male vs Female)



Source: Bureau of Manpower, Employment and Training, Bangladesh (BMET).

Country-wise data on migration showed that most of the Bangladeshi immigrants went to the KSA, which was about 191796 (61.88 percent of the total migration), followed by Qatar (10.54 percent), Singapore (6.24 percent), Kuwait (5.99 percent), the UAE (1.64 percent), Italy (1.37 percent) and other countries (10.87 percent) during this period. More information can be seen from Table-3 and Chart-4.

Among the total, 15876 female workers migrated abroad during this quarter which was 5.12 percent of total migration (Table-3 and Chart-5). Annexure-1 showed country-wise annual data on overseas employment.

6. Measures Taken by the Government and the Bangladesh Bank

To encourage the remittance inflows through the banking channel, Bangladesh government and Bangladesh Bank have taken a number of measures during the couple of years, of which some important are stated below:

- The government announced 2 percent cash incentive for the first time for inward foreign remittance through banking channel which became effective from 1 July 2019. Cash incentive for inward remittances has been increased to 2.5 percent from 2 percent with effect from 1 January 2022.

  Moreover, it has been decided that the United Nations peace keeping mission officials of army/navy/air-force/ police who are engaged in different missions of the world will get the cash incentive against their foreign earnings at 2.5 percent for sending it through banking channel into the country with effect from 1 January 2022.
- For simplification of the procedure of paying cash incentive, Bangladesh Bank (BB) has given some instructions to banks which includes:
  a) Remitters' documents will have to be submitted to his /her banks by the remittance senders banks;

b) Remittance sender bank will verify the documents by itself and send the confirmation to the receiver bank to release the cash incentives at the quickest possible time;
c) Receiver bank will release incentive to the sender bank on the basis of the confirmation and
d) The remittance receiver bank will collect and verify documents by itself in case of the same receiver bank and sender bank.

- As per instructions, Wage Earners' Remittance data have to be submitted through Rationalized Input Template (RIT). The statement of money paid should be submitted on monthly basis following a specific form regarding 2 percent cash incentive for inward remittance through formal channel. The information of expatriates will have to be preserved at the database format and banks will have to provide the required information as early as possible following the online - RITs (T_ME_M_REMIT_INCEN) format. Documents required to be submitted on monthly basis within the 10^{th} day of next month (through the web portal of Bangladesh Bank).
- To facilitate inward remittances, it has been decided that declaration on Form-C under GFET shall not be required for inward remittances up to USD 20,000 or its equivalent.
- In addition, the government and Bangladesh Bank have implemented various proactive measures to uplift the inflow of remittances and improve the condition of Bangladesh economy and working environment of the countries where Bangladeshi migrant workers are employed. These steps include waiving the money transfer fees charged by local banks for expatriate remitters, allowing the MFS to participate in the remittance collection & distribution process, simplifying the remittance repatriation and cash incentive distribution processes by encouraging overseas employment for the higher inflow of remittances.
- After that, licensed PSPs (Payment Service Providers) will also get permission to sending remittance of expatriate in association with internationally recognized online payment gateway service providers (OPGSPs)/banks/digital

wallets/card schemes and/or aggregators abroad (hereinafter referred to as approved/licensed foreign payment service providers, foreign PSPs). In this context, foreign PSPs receive foreign currency in their account and equivalent Taka value will be credited to the wage earners' PSPs accounts.

- Moreover, the government has recently introduced a universal pension scheme where a special scheme has also been introduced namely 'PROBASH'. In the scheme, the remitter will get same incentive in case of depositing money in foreign currency against his/her installment.

7. Near-term outlook

The strong momentum of remittance inflows will be continued in FY26, supported by pro-active government policies along with foreign exchange rate management of Bangladesh Bank. In addition, as more workers secure jobs abroad especially in high-demand markets, remittance earnings are likely to maintain an upward trajectory throughout FY26. Besides, strengthening skill development programs, expanding into non-traditional labor markets and fostering digital remittance ecosystems will be crucial for ensuring sustainable gains in the years ahead.
