Introduction

From fiscal year 2016-17 the publication of “Annual Export Receipts” has been renamed as “Annual Export Receipts of Goods and Services”. This annual publication on Export Receipts provides details of Export earnings through transactions in cash foreign exchange as reported to the Bangladesh Bank by the Authorised Dealers (Banks). The information has been presented by both commodities and countries. In addition, separate time series data for exports both by commodities and by countries have also been incorporated. The book is being published in section and chapter wise according to International Trade Classification (ITC) since 1972 but for user’s convenience initiatives have been taken to organize the chapters along with sections incorporating the first 4-digits commodity codes based on ITC from fiscal year 2012-13. The short descriptions are adopted. The detail information of Export receipts of Services and also Agricultural, Horticulture Products have been incorporated from fiscal year 2016-17. Users are requested to read First Schedule Bangladesh Customs Tariff for details descriptions, if necessary. The service data is classified according to Balance of Payments 6th manual (BPM6).

Classification

The Data are classified by commodities/ purposes and countries, by countries and commodities. This has been done in accordance with the classifications embodied in “The Harmonized Commodity Description and Coding System”. In this system data are available more elaborately. Countries have been listed alphabetically.

Country classification of the export data from the banking channel are based on the country of destination of goods. The export of services data from the banking channel are based on country of ordering customer.

Valuation

The banks in Bangladesh report export transactions to the Bangladesh Bank separately for each currency of settlement. The Taka valuation of these export transactions for each currency is based on monthly average of middle closing New York spot exchange rates. Generally, export contracts in Bangladesh are made on f.o.b. basis. Export earnings are based on valuation according to the terms of the export contract. Therefore, some transactions may include the cost of international freight and insurance premium. But the total value of such transactions is negligible.

Timing of Export

The data relating to export receipts which have been published in this booklet, may differ from those based on customs returns compiled by the Export Promotion Bureau, as the shipment of goods recorded in the customs returns and the actual receipts of foreign exchange recorded in the exchange returns submitted by the banks may take place on different dates. Statistics Department of the Bangladesh Bank compiles the export receipts on the basis of exchange returns which record export as and when actual payments are received. When advance payments are received, export receipts would precede the actual shipment of goods. Differences may also occur due to the use of different exchange rates by EPB and the Bangladesh Bank. Therefore, due to differences in the valuation, timing and coverage the data published in this booklet and those compiled and published by the

Bangladesh Bureau of Statistics/EPB are likely to differ. As the exports data compiled by the Export Promotion Bureau on the basis of customs returns is useful for monitoring the export trends, these have also been incorporated in Table-VII and Table-VIII.

Export by Export Processing Zones (EPZ)

In order to achieve rapid economic growth of the country by increasing the inflow of foreign investment, particularly through industrialization, special steps have been taken since 1980 by setting up Export processing Zones (EPZ) in the country. Initially three special zones were set up in Chittagong (Halishahar), Dhaka (Savar) and Khulna (Mongla) where favorable facilities/assistance are provided to the potential investors both Bangladeshi and foreigners. The Chittagong Export Processing Zone (CEPZ) started from 1983-84 while the Dhaka Export Processing Zone (DEPZ) started from 1993-94. Later, EPZs have also been established in Mongla of Khulna, Ishwardi of Pabna, Cumilla, Uttara of Syedpur in the district of Nilphamary, Adamjee of Narayanganj and Karnaphuli of Chittagong which are classified into three types i.e. A-type (100% foreign investment), B-type (Joint venture between Bangladeshi and foreigners) and C-type (100% Bangladeshi enterprises).

At the end of June, 2022 type-wise number of functioning enterprise are shown in Table-5.
