30 November 2024

Fortnightly Major Economic Indicators

Monetary Policy Department
Bangladesh Bank

Comments on any aspects of the report are highly welcomed and can be sent to Mr. Md. Nazimul Arif Sarker, Additional Director, Monetary Policy Department, Bangladesh Bank, e-mail: nazimul.sarker@bb.org.bd; Mrs. Nabila Fahria, Joint Director, Monetary Policy Department, Bangladesh Bank, e-mail: nabila.fahria@bb.org.bd; Mr. Asif Ahmed, Assistant Director, Monetary Policy Department, Bangladesh Bank, e-mail: asif.ahmed951@bb.org.bd and Mr. Rashidul Hoque Timur, Assistant Director, Monetary Policy Department, Bangladesh Bank, e-mail: rashidul.hoque@bb.org.bd

Fortnightly Major Economic Indicators: 16-30 November 2024

Broad money slightly increased by 0.37 percent during July-November FY25 and stood at BDT 20,40,785.00 crore at the end of November 2024 compared to 0.12 percent increase during July-November FY24. This increase mainly stemmed from the increase in net domestic assets (NDA) during the period.

Domestic credit increased by 1.67 percent during July-November FY25 and stood at BDT 21,50,833.00 crore at the end of November 2024 compared to 1.60 percent increase during July-November FY24. The increase in domestic credit has been driven by the increase in both credit to the public sector and credit to the private sector. Credit to the public sector increased by 2.57 percent during July-November FY25 and stood at BDT 4,86,508.80 crore at the end of November 2024 compared to 4.82 percent decrease during July-November FY24. The positive credit growth in the public sector emerged from net credit to govt. sector.

Credit to the private sector increased by 1.41 percent during July-November FY25 and stood at BDT 16,64,324.20 crore at the end of November 2024 compared to 3.46 percent increase during July-November FY24.

Bank deposits increased by 1.18 percent during July-November FY25 and stood at BDT 17,63,328.30 crore at the end of November 2024 compared to 2.87 percent increase during July-November FY24. The increase in bank deposits emerged from the increase in time deposits during the period.

Reserve money decreased by 6.09 percent during July-November FY25 and stood at BDT 3,88,455.90 crore at the end of November 2024 compared to 11.27 percent decrease during July-November FY24. Reserve money decreased due to decrease in both Net Foreign Assets (NFA) and Net Domestic Assets (NDA) of Bangladesh Bank under review.

Government borrowing from the banking system increased by BDT 24,848.82 crore during 01 July-28 November FY25 against the increase of BDT 2,150.12 crore during 01 July-28 November FY24^{©P}.

NBR tax revenue collection decreased by 1.03 percent and stood at BDT 1,01,281.53 crore during July-October FY25 compared to BDT 1,02,336.45 crore during July-October FY24. The target for NBR tax revenue collection was set at BDT 4,80,000.00 crore in the budget for FY25. NBR tax revenue collection during July-October FY25 was 21.10 percent of the target set for FY25.

Exports^{II} increased by 11.66 percent to USD 19.91 billion during July-November FY25 compared to the same period of the preceding fiscal year. Exports increased mainly due to increase in manufactured products exports during the period.

Custom-based imports slightly decreased by 0.24 percent to USD 27.70 billion during July-November FY25 compared to 21.02 percent decrease during the same period of the previous fiscal year. Besides, opening of import LC increased by 0.05 percent whereas settlement of import LC decreased 0.83 percent during July-November FY25. A notable depreciation of BDT against USD and import monitoring by BB might have contributed to the negative growth of settlement of import LC during the reported period.

^{II} = Data revised by NBR, Compiled by Statistics Department, Bangladesh bank.

Inward Remittances increased by 26.44 percent to USD 11.14 billion during July-November FY25 compared to 0.17 percent increase during the same period of the previous fiscal year. The consistent inflow of remittances can be linked to the interim government's initiatives aimed at persuading remitters to use formal banking channels instead of informal channels like hundi.

Current account balance recorded a deficit of USD 0.23 billion during July-November FY25, against the deficit of USD 3.94 billion during July-November FY24. The deficit in the current account balance mainly emerged from trade deficit.

Foreign exchange reserves came down to USD 24.35 billion as on 28 November 2024 from USD 24.89 billion as on 30 November 2023.

Headline Inflation (Point to point) and **headline inflation (twelve-month average)** edged up to 11.38 percent and 10.22 percent respectively in November 2024 from 10.87 percent and 10.05 percent respectively in October 2024. The headline inflation has reached at a highest level due to increase in food prices, BDT depreciation against dollar and production shortages caused by supply disruption resulting from flood.

Detailed fortnightly information available up to 30 November 2024 is annexed herewith.
