2.2 Sector-wise disbursement

During the July-April period of FY24, the sector-wise allocation of agricultural credit disbursement is depicted in Chart-1. Crops sub-sector claimed the largest share, accounting for 45.0 percent of the total, followed by live-stock & poultry at 24.0 percent, fisheries at 15.0 percent, others at 10.0 percent, and poverty alleviation at 6.0

percent. In comparison, during the July-April period of FY23, Chart-2 illustrates a similar trend with the crops sub-sector leading with a share of 48.0 percent. 2.3 Recovery

In April 2024, the scheduled banks' recovery of agricultural credit amounted to Tk. 3,538.44 crore. This figure reflects an increase of 28.72 compared to the previous month due to higher recovery by SOSBs (60.46 percent) and PCBs (20.70 percent). Additionally, compared to the same month of 2023, recovery increased by 32.62 percent. This was mostly due to higher recovery of SOSBs (78.55 percent), FCBs (62.57 percent) as well as PCBs (19.56 percent) (Table-1).

2.4 Outstanding and Overdue

As of the end of April 2024, the outstanding balance of agricultural credit had increased by 9.35 percent compared to the balance at the end of April 2023. Concurrently, the overdue amount of agricultural credit by the end of April 2024 witnessed a significant rise of 43.83 percent as compared to the end balance of April 2023, due mainly to a larger overdue position in SOCBs, SOSB and PCBs. Overdue represented as percentage share of the outstanding balance, stood at 17.69 percent as of April 2024, a small increase from 13.45 percent recorded in April 2023.

2.5 Bangladesh Rural Development Board (BRDB)

The disbursement target for the Bangladesh Rural Development Board (BRDB) in fiscal year 2024 has been set at Tk. 1,423.08 crore. However, in April 2024, disbursement by BRDB witnessed a decrease of 3.92 percent while recovery rose up by 7.40 percent, compared to April 2023. Over the cumulative period from July to April in FY24, BRDB experienced a decrease in disbursement by 1.50 percent and increase in recovery by 10.24 percent as compared to July-April in FY23.

2.6 Bangladesh Samabaya Bank Limited (BSBL)

BSBL, a non-scheduled bank, has a disbursement target of Tk. 26.00 crore for the fiscal year 2024. Due to the presence of a considerable recoverable amount, BSBL exercised caution and refrained from disbursing any funds in April 2024. During the same period, BSBL only succeeded in recovering Tk. 0.11 crore (Table-2).

3. Refinance Facility

Facility from Bangladesh Bank under Government Guarantee

To foster agricultural development and ensure food security, Bangladesh Bank (BB) consistently supports Bangladesh Krishi Bank (BKB) and Rajshahi Krishi Unnayan Bank (RAKUB) through short-term agricultural refinance facilities under government guarantee. The fund amount of this refinance scheme is BDT 5000 crore. According to the circular by the Agricultural Credit Department (ACD), BB on 17 November 2022, participating banks get refinance facility under this scheme at the interest rate of

0.50 percent from BB while farmers get the facility at the rate of maximum 4.00 percent (simple interest rate).

During July-April of FY24, BKB did not apply for any short-term agricultural refinance facility. However, for FY24 BB approved a refinance loan facility of Tk. 1000.00 crore under government guarantee in response to RAKUB's loan application. Out of this sanctioned amount, RAKUB withdrew Tk. 663.65 crore till April 2024.
