<sup>1</sup>Prepared by Islamic Banking Cell, Research Department, Bangladesh Bank (The Central Bank of Bangladesh). Feedbacks are welcome. Feedbacks may be sent to Md. Golzare Nabi, General Manager, Research Department, Bangladesh Bank (e-mail: [golzare.nabi@bb.org.bd](mailto:golzare.nabi@bb.org.bd)), Md. Jasim Uddin, Deputy General Manager (e-mail: [jasim.uddin@bb.org.bd](mailto:jasim.uddin@bb.org.bd)), Zahira Hasin, Joint Director (e-mail: [zahira.hasin@bb.org.bd](mailto:zahira.hasin@bb.org.bd)) and Md. Alamin, Assistant Director (e-mail: [md.alamin962@bb.org.bd](mailto:md.alamin962@bb.org.bd)).

## **Developments of Islamic Banking in Bangladesh April-June 2021**

Global Islamic financial sector continues to grow following its risk sharing, resilience, inclusiveness and real asset backed transactions features. In tandem with global trends, Bangladesh Islamic banking sector has also recorded robust growth due to policy supports from Bangladesh Bank and strong public demand. Recently Bangladesh Bank on behalf of the Government has issued sovereign investment sukuk which will smooth liquidity management of Islamic banks, help financing budget deficit and promote Islamic capital markets to raise funds for infrastructure and industrial projects towards achieving higher inclusive GDP growth including sustainable development goals (SDGs).

At the end of June 2021, Bangladesh's 10 full-fledged Islamic banks have been operating with 1569 branches out of total 10788 branches of the whole banking sector. In addition, 39 Islamic banking branches of 8 conventional commercial banks and 194 Islamic banking windows of 13 conventional commercial banks are also providing Islamic financial services in Bangladesh. At the end of the June 2020, deposits and investment grew by 2.90% and 1.72% respectively, while excess liquidity increased by 19.59% and remittance increased by 27.36% compared to that of the preceding quarter.

The market share of Islamic banks in the entire banking sector has stood at 27.26 percent in terms of deposits and 27.55 percent in terms of investments at the end of June, 2021. It may be mentioned here that Mutual Trust Bank Limited has started offering Islamic financial services since May 2021 through dedicated windows.

Similar to conventional banks, Islamic banks are playing vital roles in addressing negative impacts of Covid-19 pandemic. Key steps of Islamic banks for mitigation of adverse impact of the pandemic include keeping branches open to a limited extent during lockdown period, implementation of financial stimulus package as directed by Bangladesh Bank, extension of time for repayment of loans & advances, timely delivery of remittances, undertaking safety measures for officials and emphasizing on online banking and virtual meeting including training.

## Highlights: Islamic Banking Sector in Bangladesh, April-June 2021

### Total Deposits

Total deposits in Islamic banking sector reached BDT 3681.63 billion at the end of June 2021 which increased by BDT 103.71 billion or 2.90% compared to the end of March 2021 and by BDT 768.59 billion or 26.38 % compared to the same quarter of the last year.

### Liquidity Situation

Excess liquidity of Islamic banking sector stood at BDT 363.65 billion at the end of June 2021, which was higher by BDT 59.56 billion (19.59%) and higher BDT 270.28 billion (289.48%) than that of the end of March 2021 and the end of same month of the last year respectively. The excess liquidity of 10 Islamic banks, Islamic banking branches of conventional banks and Islamic banking windows of conventional

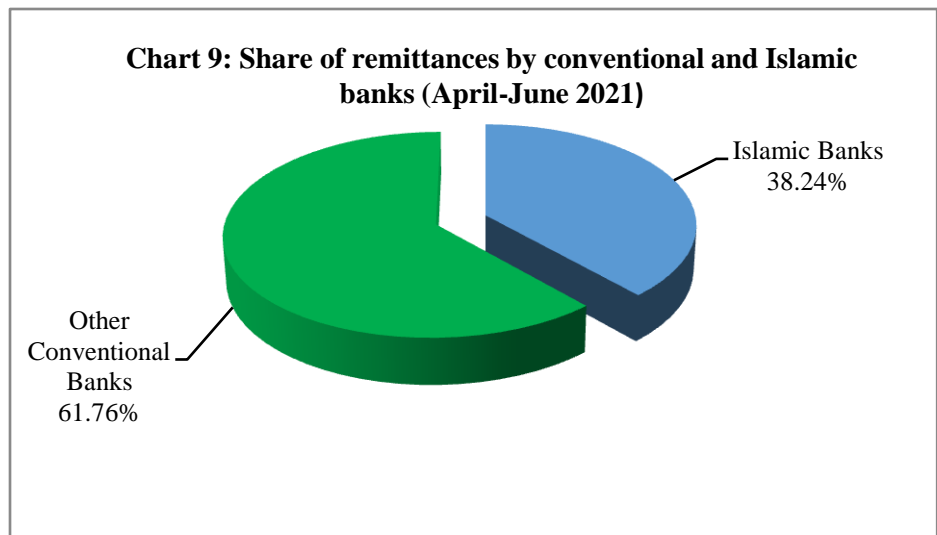

banks stood at BDT 316.56 billion, BDT 21.00 billion and BDT 26.09 billion respectively. Summary of liquidity situation in the Islamic banking sector is shown in chart-7.

## Remittances Mobilized by the Islamic Banking Sector:

Islamic banking industry of the country is playing a vital role in collecting foreign remittances and disbursing the same among beneficiaries across the country. Total remittances mobilized by the Islamic banking sector stood at BDT 200.39 billion during April-June 2021, which was higher by BDT 43.05 billion or 27.36% and higher by BDT 97.15 billion or 94.10% than that of January-March 2021 and April- June 2020 respectively.

Among the Islamic banks, Islami Bank Bangladesh Ltd. occupied the top position (71.03%) in respect of remittance collection during April- June 2021, followed by Al-Arafah Islami Bank Ltd. (13.62%), Social Islami Bank Ltd (4.01%), Union Bank Ltd (2.26%), Standard Bank Ltd. (2.26%), First Security Islami

Bank Ltd (1.98%), Global Islami Bank (1.79%), Shahjalal Islami Bank (1.43%), EXIM Bank Ltd. (0.70%), Islamic banking branches of conventional banks (0.57%), Islamic banking windows (0.33%) and ICB Islamic Bank (0.02%) [Chart-8].

The Islamic banking sector accounted for 38.24% share of remittances mobilized by the entire banking sector during the quarter under review. Shares of Remittance mobilizations of conventional scheduled banks and Islamic banks are shown in chart-9.

### **Corporate Social Responsibility**

Islamic banks undertake and implement various types of social programs under Corporate Social Responsibility (CSR) activities. Sources of funds of Islamic banks available for CSR activities include *Zakat*, compensation charges (penal charges from defaulting investment clients), and Shariah-permitted other sources of earnings. These funds are spent among different types of education, training, health, and charity-based organizations in Bangladesh. Islamic banks serve the deprived and disadvantaged segments of people, who, because of extreme poverty, remain outside the purview of the conventional banking system; the banks make financial transactions based on human necessities and embark upon productivity-oriented projects or activities to reduce the incidence of poverty. Expenditure on CSR activities during April-June 2021 had been recorded at BDT 0.45 billion which was BDT 1.54 billion in January-March 2021 and BDT 1.03 billion in April-June 2020.

### **Expansion of Branches:**

The number of branches of Islamic banking sector including Islamic branches/windows of conventional commercial banks reached 1802 at the end of the quarter under review which was 1755 during the previous quarter and 1448 during the same quarter of the last year. At the end of April-June 2021, 10 full-fledged Islamic banks had 1569 branches, 8 conventional commercial banks had 39 Islamic banking branches and 13 conventional banks had 194 Islamic banking windows. The share of total bank branches of Islamic banks among all scheduled banks accounted for 16.70% at the end of the quarter under review.

## Bangladesh Government Islamic Securities

This section focuses on Bangladesh Government Islamic Securities comprising Sovereign Investment Sukuk and Bangladesh Government Islamic Investment Bond (GIIB).

### Issue of Maiden Sovereign Investment Sukuk and Its Huge Response

Bangladesh Bank on behalf of the Government has issued maiden sukuk on December 28th, 2020 to raise BDT 80.00 billion for the implementation of a safe water supply project across the nation. The overall cost of the project is estimated at BDT 88.51 billion of which BDT 8.51 billion will be provided by the Government according to the prospectus<sup>1</sup>. The Finance Ministry and Bangladesh Bank will act as the originator and a special purpose vehicle (SPV) respectively. In first phase, the Government collected BDT 40.00 billion for the projects through an auction held on December 28, 2020. Investors submitted bids worth BDT 15.15 billion during the auction. The issue has been oversubscribed by near four times. The second auction was held in June 9, 2021 to raise remaining amount of fund worth BDT 40.00 billion which was also oversubscribed nearly by 8 times. The huge oversubscription indicates vivid prospect of sukuk market in Bangladesh

The sukuk holders would receive a profit of 4.69 percent on their aggregate investment in the Islamic sukuk. Bangladesh Bank has fixed the rate-based on the Bangladesh Government Islamic Investment Bond (BGIIB). Profits will be paid to investors on a half-yearly basis. A client will have to invest a minimum of BDT 10,000 in the security and there is no upper limit. Banks, corporate institutions and individuals will be permitted to invest. The sukuk will mature in five years.

### Bangladesh Government Islamic Investment Bond (BGIIB)

Bangladesh Government Islamic Investment Bond (BGIIB) introduced in 2004 was the only approved Shariah compliant security other than the newly issued sukuk to maintain the SLR by the Islamic banks. However, the limitation of the BGIIB is that Government cannot borrow from BGIIB fund due to absence of Shariah compliant projects. Given this, only Islamic banks can borrow from this fund in case of liquidity shortage which is mobilized through selling of the GIIB securities based on mudarabah principle. Islamic banks avail this fund at a provisional rate of profit based on its Mudarabah short notice deposit accounts which are adjusted after finalization of accounts and rate of profit of the concerned Islamic banks. Table 5 shows the trend of sale, financing and net balance over the periods during FY10-FY21.

### **Concluding Remarks and Recommendations**

In Bangladesh, Islamic banking sector plays significant role in mobilizing deposits and financing various economic activities. Among different segments of Bangladesh's Islamic financial sector, Islamic banking sector dominates with more than 27% share of the entire banking sector. The other segments of Islamic financial sector such as Islamic capital market, Islamic insurance (Takaful) and microfinance sector may also flourish systematically if supportive policies are adopted and implemented.

As Islam prohibits usury, Islamic banks cannot invest in interest-bearing Government treasury bills and investment bonds existing in the market. So, the recent introduction of Sukuk will smooth liquidity management of Islamic banks, help budget deficit administration and promote Islamic capital market.

The investments made by Islamic banks in ideal Islamic modes like Mudaraba and Musharaka are at a minimal level (below 2% of total investments). Given this, Islamic banks should pay more attention in Research and Development (R&D) to develop proper guidelines and policies to promote investments

under Mudaraba and Musharaka modes. Islamic banks may also increase investments in microfinance programs and women enterprises towards poverty alleviation and empowerment of the poor. It would promote welfare oriented banking as directed by objectives of Islamic Shariah popularly known as Maqasid al Shariah.

To address Shariah compliance issues of Islamic financial industry properly, adoption of Shariah standards from International accounting and auditing organizations will be useful. In this regard, Islamic banks and conventional banks having Islamic banking branches and windows may undertake necessary action to be the member of Accounting and Auditing Organization for Islamic Financial Institutions (AAOIFI).

In addition, Bangladesh's Islamic banking sector also needs to increase the application of Shariah-compliant fintech to carry out financial transactions more efficiently.

The outbreak of Covid-19 has created challenges for Islamic banking sector as conventional banking sector. Islamic banking sector needs to properly implement stimulus packages to mitigate adverse impacts of the pandemic and maintain its development roles in the national economy by promoting saving-investment process and trade activities further. In fact, the Covid-19 pandemic is a real test for Islamic banks for maintaining resilience and employing usual commercial tools as well as social tools in the recovery process of the national economy. Islamic banks should focus on support for the poor and destitute through enhanced investments in small and micro enterprises and increased expenditures in CSR activities.
