INTRODUCTION

The institutions (other than Deposit Money Banks) which mainly carry out the financing business are termed as Non-Bank Financial Institutions (NBFIs). It is constituted under the Financial Institutions Act, 1993. But the head office of Bangladesh Samabaya Bank established in 1922 A.D. by the attempt of the government and the next time after issuing co-operatives society's rules and regulations newly, the sub-rules have been registered with amendment in 2005 A.D., the amended registration no. is 01 B, dated 09-03-2005 A.D. Also, Ansar-VDP Unnayan Bank is a specialized government owned bank established under the Ansar VDP Unnayan Bank Ordinance, 1995, while the Government established the Karmasangsthan Bank, in 1998, as per Act No. 7 of 1998 (Karmasangsthan Bank Act 1998) in order to provide employment opportunities for the country's unemployed youths. An NBFI is a financial Institution that does not have full Banking license and also not a member of clearing house. It makes loans and advances for industries, commerce, transport, agriculture, or building construction. Some of NBFIs take term deposits which are treated as Non-Bank Depository Corporations and some of NBFIs who are non deposit taker but may deem to create liquidity. NBDC is a portion of NBFI.

Presently, in our economy merchant banks, investment companies, mutual associations/companies, leasing companies or

building societies etc. are the members of Non-Bank financial institutions.

Since July, 1974 the Statistics Department of Bangladesh Bank has been collecting detailed information on deposits, debits, advances and bills from all branches of scheduled banks operating in Bangladesh in the prescribed formats of SBS-2 and SBS-3 on quarterly basis. This department is also collecting financial data on SME, Interest Rate Spread and Economic Purpose and Sector wise disbursement, recovery, outstanding and overdue etc. On the basis of these returns a consistent database is compiled for policy makers and other users. This information is therefore extremely vital for formulating monetary policy, credit policy, planning of economic developments. Like Scheduled banks, NBFIs are playing an important role in the current economic activities, development, growth and financial inclusion etc. It becomes necessary to collect data from NBFI through the prescribed formats of NBFI-2 and NBFI-3 to fulfill the demand of policymakers, researchers and other stakeholders of the economy. This department had taken initiative to collect NBFIs data on quarterly basis from Oct.-Dec., 2018 quarter.

From the quarter Oct.-Dec., 2018, the NBFIs were instructed to follow the "GUIDELINES TO FILL IN THE NBFI RETURNS- 1, 2 & 3" first edition, published in January, 2017. In this booklet, all statistical tables have been prepared on the basis of returns submitted by the NBFIs.
