Remittance Inflow (July-September 2020)

Inward remittances from Bangladeshi nationals working abroad continued to play a vital role in the development of Bangladesh economy by creating employment, reducing poverty, improving living standard, building up foreign exchange reserves and counter balancing the current account deficit. The role of remittance in the Bangladesh economy is crucial as it has become our second largest source of foreign currency earnings followed by readymade garments (RMG). Bangladesh is one of the largest remittance recipient countries in the world. The country crossed the USD 10 billion remittances threshold in FY'10.

The inflow of remittance in FY'20 was USD 18205.04 million (increased by 10.87 percent) as compared to USD 16419.63 million in FY'19. Amid the outbreak of COVID-19 pandemic, growth of remittances during July-September'20 was 48.54 percent compared to the same period of the previous year. Policy initiatives from the government and the Bangladesh Bank played a pivotal role in enhancing the inflow of remittances through legal channels (Table-2). In FY'20, remittance-GDP ratio was 5.52 percent, remittance-export earnings ratio was 54.06 percent and remittance-import payments ratio was 35.91 percent (Table-1).

Bank wise Remittance Inflow: July-September 2020

For remittance mobilization, banks are considered the primary legal channels. A large number of Bangladeshi expatriates have been sending their income to home country through banking channels. Most of the commercial banks in Bangladesh have been providing remittance services through drawing arrangement to a large number of migrants working abroad by collecting remittances from all over the world and distributing this money to their beneficiaries within 48 hours.

Among different groups of commercial banks, private commercial banks (PCBs) collect the highest amount of remittances, followed by state owned commercial banks (SOCBs), specialized banks (SBs) and foreign commercial banks (FCBs).

During the period under report, PCBs collected USD 4714.47 million remittances (70.23 percent of total), which is 43.39 percent and 41.02 percent higher than the previous quarter and the same quarter of the previous year respectively. Islami Bank Bangladesh Ltd. (IBBL) has collected the highest remittance amounting to USD 2124.09 million (31.64 percent of total), and obtained first position among all the banks (Chart-2 and Annexure Table-4).

SOCBs collected USD 1853.92 million remittances (27.62 percent of total), which is significantly higher than the previous quarter and the same quarter of the previous year. Among SOCBs, Agrani Bank Ltd. held the top position with USD 953.23 million (14.20 percent of total) and Sonali Bank Ltd. attained the second position with USD 396.58 million (5.91 percent of total) (Chart-2 and Annexure Table-4).

Foreign Commercial Banks collected USD 35.63 million remittances (0.53 percent of total) during July-September 2020, which is 12.36 percent and 4.64 percent higher than that of the previous quarter and the same quarter of 2019 respectively. Among FCBs, Woori Bank Ltd. has collected the highest amount of remittances (USD 15.61 million) (Annexure Table-4).

Bangladesh Krishi Bank as a Specialized Bank received only USD 109.18 million as remittances during July-September 2020. It was observed that Dutch-Bangla Bank Ltd., Bank Asia Ltd., Pubali Bank Ltd, NCC Bank Ltd., Southeast Bank Ltd., Al-Arafah Islami Bank Ltd. etc. are among the top receivers of remittances during July-September 2020. The yearly trends of bank-wise remittance inflows and the first quarter of FY'21 are shown in the Annexure Table-4.

Country-wise Migration (Male and Female)

The Corona Virus pandemic has affected the migratory movements due to global travel restrictions. For this reason, Bangladeshi employees could not move to overseas. Country-wise data on migration during July-September 2020 shows that only 19 Bangladeshis have migrated to Singapore which is 11 percent of total migration, followed by Oman (9 percent), UAE (5 percent), Lebanon (3 percent) and other countries (71 percent) (Chart-4 and Table-3).

total migration (Table 3 and Chart-5). Country-wise overseas employment (Yearly) data is shown in Annexure Table-2.

Category-wise Overseas Employment

Based on occupation, expatriates can be categorized into four groups: professionals, skilled, semi-skilled and un-skilled. A large number of Bangladeshi expatriates are un-skilled and this number stood at 18.26 lac during 2013 to 2019. The number of skilled expatriates stood at 18.72 lac during the same period (Annexure Table-1).

Data on skill-wise overseas employment shows that the highest number (43.55 percent) of expatriates are skilled in 2019 followed by un-skilled (28.15 percent), semi-skilled (20.36 percent) and professional (only 0.27 percent) (Chart-6). Trends of skill and gender-wise migration are shown in the Annexure Table-1.

Global Comparison

As per the World Bank report titled 'Migration and Development Brief April, 2020', Bangladesh stood 3rd in the South Asian region in terms of remittance earnings. India is the top remittance earning country (11.6 percent of global remittance inflow) followed by Pakistan, Bangladesh, Nepal, Sri Lanka in this region. Chart-7 and Table-4 shows the top remittance earning countries in South Asia and their remittances as percent of GDP in 2019.

Measures taken by the Government and the Bangladesh Bank

To enhance the remittance inflows through the banking channel, Bangladesh Govt. and the Bangladesh Bank has recently taken a number of measures of which some important ones are as follows:

- The maximum time limit of distributing remittances to the beneficiaries has been re-determined at 2 working days instead of 72 hours.
- To encourage the expatriates to remit their earnings at home through banking channel, CIP and special citizen facilities for Bangladeshi expatriates have been extended.
- With a view to facilitating remittance on account of registration fee for medical check-up services to migrant workers, Authorized Dealers (ADs) may, upon request from approved medical centers, remit the fee to the bank account of the beneficiaries subject to production of invoice specifying details of the check-up and deduction of applicable taxes.
- In order to enhance housing finance facility for the NRBs, the maximum debt equity ratio has been fixed at 75:25 instead of existing 50:50.
- The government announced for the first time 2 percent cash incentive for inward foreign remittance through banking channel effective from 1 July 2019. Now for the foreign remittance worth of USD 5000 or BDT 5 lac, the beneficiary is not required to submit any documents to receive the 2 percent incentive. However, BB has extended time up to two months for submitting the documents of beneficiary for 2 percent cash incentive for more than USD 5000 or BDT 5 lac.
