Information for Deposit Insurance Premium Assessment (IDIPA)

Deposit Issuance Department (**DID**)

Bangladesh Bank

Head Office

Dhaka-1000

Introduction

The purpose of this software is to monitor financial stability, protect banks' depositors and assure insurance benefits in the unlikely event of Scheduled Banks. Specially, the key function of IDIPA is to maintain public confidence and promote financial sector's resilience through increasing savings.

By browsing Bangladesh Bank website www.bb.org.bd, “EServices” icon will be appeared at the bottom of that Home page. Click on the E-Services (<http://www.bb.org.bd/eservices.php>) link. Then a list contains web based applications and among them click on Information for Deposit Issuance Premium Assessment (IDIPA) link to access the system and follow the following steps.

Data Submission Technique

Step1: After clicking ‘Information for Deposit Issuance Premium Assessment (IDIPA)’ Link, Login Page will appear. The username and password which has been informed by the e-mail need to be used login to system.
